

132. B.P. APPARATUS DIGITAL

Specifications

Qualitative Requirements

Large screen crystal display Automatic with built in pump
Pressure Detection Mechanical Capacitance Pressure Sensor.

Measurement range – 30-280 mm

Additional Function Pulse meter – 20-255 beats /minutes

120 ts of memory,
weight – 400 gm

Dimensions- 163 mm(W) x 138 mm (D) x 62 mm(H)

Arm cuff with air tube 70 cm
